

PERSTEMPO-MONTHLY, AUGUST 2003

**An authorized, unofficial information medium published monthly by
AR PERSCOM for PERSTEMPO professionals in CONUS**

LAST PERSTEMPO MONTHLY...

We informed members that the new and confidential PERSTEMPO website would be back on line by 1 August. Version 3.3 is now operational, and ready for your usage! We informed you on how soldiers can now get their PERSTEMPO count through AKO, and reminded you to continue to report and track. Here's more PERSTEMPO scoop!

WEB-SITE SIGN ON PROBLEMS????

Should access to the AHRS PERSTEMPO website be denied to any account holder, that account holder must first contact their Unit User Administrator. Do not call the AHRS PERSTEMPO Help Desk.

U/A's, GET YOUR INFO BACK IN!!!

Now that the new Version 3.3 is back in operation, unit User Administrators (U/A) must work to ensure their unit/soldiers PERSTEMPO stats are updated on the website. Start by making sure that all of your subordinate unit PERSTEMPO Clerks and Users are updated. Then monitor them to ensure that reporting and tracking resumes properly.

ALL SOLDIERS MUST ASSOCIATE

User Administrator's, once all of your unit clerks/users are back in the system, it is absolutely pertinent that all unit soldiers assigned to your units Unit Identification Code (UIC) are associated with your units Permanent AHRI. Soldiers not properly associated may lose creditable days. This is the most critical part of a successful unit PERSTEMPO program.

PERSTEMPO DELAYED ON AKO

Last month we informed PERSTEMPO users on how soldiers could view their PERSTEMPO count on AKO. The PERSTEMPO counter on AKO has been delayed. This is a deliberate delay in order to allow each Army organization an opportunity to manually enter tracked PERSTEMPO data into the AHRS PERSTEMPO database. The AKO counter will resume for soldiers usage on or about 1 October 2003.

THE PERSTEMPO TEST SITE

Have you forgotten how to surf through the PERSTEMPO website with ease? Well, you **do not** want to experiment on the actual website. You do need to go to the PERSTEMPO Management **Test Website**. There, you can make all the mistakes you want, while learning to use the actual website properly! Here's the address:

INTEGRITY OF PERSTEMPO

The integrity of a unit's AHRS PERSTEMPO database information must be protected. Immediately report the departure of all account holders to your unit's User Administrator so that the departing individual's account can be inactivated.
